

ANAS SHIRAZ

Software Developer Intern | Frontend Developer | Aspiring Full Stack Developer

Srinagar, J&K, India • anasshiraz666@gmail.com • [GitHub](#) • [LinkedIn](#) • [Portfolio](#)

PROFILE

BCA Hons. student and Software Developer Intern at GrowSharks focused on building modern, responsive, and user-friendly web applications. Primarily working with JavaScript, React, Next.js, and Tailwind CSS, while expanding into backend development with Python, FastAPI, and PostgreSQL. Interested in building practical software and growing toward full-stack development.

PROFESSIONAL EXPERIENCE

Software Developer Intern — GrowSharks | Sep 2026 – Present

- Gaining hands-on experience in a professional software development environment.
- Working with React and Next.js on client-based web projects.
- Building responsive and user-focused web interfaces.
- Using Git and GitHub for version control and collaborative development.
- Learning real-world development workflows, project structure, and application maintenance.

TECHNICAL SKILLS

Frontend	JavaScript, React, Next.js, Tailwind CSS
Backend	Python, FastAPI, PostgreSQL, REST APIs
State & Routing	Redux Toolkit, React Router
Tools	Git, GitHub, Vite
Services	Appwrite, EmailJS

PROJECTS

Appwrite Blog App

[React](#), [Vite](#), [Redux Toolkit](#), [React Router](#), [Appwrite](#), [TinyMCE](#), [Tailwind CSS](#)

- Built a full-featured blog application with authentication, post creation, editing, deletion, and image management.
- Implemented client-side state management and routing using Redux Toolkit and React Router.
- Integrated Appwrite for backend services, authentication, database operations, and image storage.
- Deployed the application on Vercel.

Currency Converter

[React](#), [Vite](#), [Tailwind CSS](#), [JavaScript](#), [REST API](#), [Custom Hooks](#)

- Built a responsive currency converter using live exchange-rate data from a REST API.
- Implemented reusable custom hooks, currency swapping, dynamic conversion, and responsive UI.
- Designed a modern interface with a focus on usability and mobile responsiveness.
- Deployed the application on Vercel.

Developer Portfolio

[React](#), [Vite](#), [Tailwind CSS](#), [React Router](#), [EmailJS](#)

- Designed and developed a responsive multi-page developer portfolio to showcase projects, skills, education, and contact information.
- Implemented reusable components, route-based pages, dark mode, responsive layouts, and subtle animations.
- Integrated EmailJS to provide a functional contact form.
- Deployed the portfolio on Vercel.

EDUCATION

Bachelor of Computer Applications (BCA Hons.)

CASET College of Computer Sciences, Srinagar, J&K, India | Present

CURRENTLY LEARNING

Python → FastAPI → PostgreSQL → REST APIs → Full-Stack Development

CAREER OBJECTIVE

Software Developer Intern and BCA Hons. student focused on growing into a full-stack developer through hands-on professional experience, personal projects, and continuous learning.
